Here you go:

Bristol Bay

- On 7/5/12, OCIR and R10 will implement the communications plan to notify key stakeholders (Murkowski, Young, PLP, State of AK, Cantwell, BBNC, Tribal leaders, TU) of EPA's decision not to extend the public comment period for the draft BBA.
- On 7/6/12, the Federal Register will publish an FRN providing details associated with the Peer Review Panel meeting scheduled for August 7-9 in Anchorage, AK. The FRN will include instructions regarding how the public can register to observe on August 7-8 and present oral testimony on August 7.
- BB assessment public comment status: thus far, EPA has received nearly 900 individual letters and over 14,000 letters from four different mass mailing campaigns (3 of which are supportive of EPA action and 1 opposed).

Folks -- Sineta is home without power so here is the reminder about talking points, with last week's attached. I took a first crack at this week's talking points (see attached). I think we need to add something on St. John's Bayou and the Infrastructure plan.

I need to get this to Darren Reid by 1pm Thursday.
